Michael Drakulich Identifies Assailant When Confronted by Him in Hospital

KNIFEWIELDER IN PRISON

Evades All Direct Questions Propounded by Police Who Made Clever Capture

Michael Drakulich, an Austrian, lies at the Craven hospital hovering between life and death as the result of a stabbing affair which took place on Standard avenue at an early hour Sunday morning, for which the police are holding Eli Grennich as the assailant.

Yesterday Patrolman Kreamer took Grennich to the hospital where Drakulich, although hardly able to lift his head from the pillow, identified him as the man who had almost disemboweled hi mon the preceding evening.

Drakulich made the statement in the presence of Patrolman Kreamer, Patrolman Wylie and Mrs. H. Scharkoff, head nurse of the hospital.

When taken back to the police station and lodged in a cell Grennich remained silent and would answer in a very evasive way the questions put to him by Chief of Police Walker and Inspector Phillips.

In the capturing of Grennich Sergeant Jennings and Patrolman Kirkpatrick deserve considerable credit for they had only the slightest clues to follow out in locating their man.

Formal charges will not be placed against Grennich at the present time pending the outcome of the case.

George C. Faris, brother of City Clerk Faris, who has been visiting in this city for the past few days, left last evening for his home in Fresno.

MRS. J. Q. BLACK UNEXPECTEDLY PASSES AWAY

Estimable Matron of Richmond Passes Away Unexpectedly at Home in This City

Mrs. Emily G., beloved wife of John Q. Black, secretary of the builders exchange in this city, passed away suddenly and unexpectedly at the family residence at Ninth street and Chanslor avenue yesterday.

The deceased leaves a large circle of friends in Richmond who will sincerely mourn her untimely demise. She possessed many sterling qualities that endeared her to all with whom she came in contact during her long residence in this city.

Mrs. Black was a native of Amador county, California and was aged 48 years, 5 months and 26 days. She was the daughter of the late Thomas Goodwin and in addition to her bereft husband leaves three brothers to mourn her loss, namely: Frank Goodwin of Richmond, Fred C. Goodwin of Ben Lomond and Melvin Goodwin of Sacramento.

Friends and acquaintances are respectfully invited to attend the funeral services which will be held tomorrow afternoon from Bert Curry's mortuary chapel at 143 Washington avenue at 2 o'clock. Interment will be made in Sunset View cemetery.

ALLEGED BOARD BILL JUMPERS RETURNED

Officer Fred Eigerman returned late this afternoon with J. C. and H. A. Nelson, the two brothers who are charged by H. Shoemaker of the Germania hotel, 324 Second street, with having defrauded a board bill amounting to $132.

At the time that the two brothers disappeared Chief of Police Walker managed to get into direct communication with Chief of Police Sebastion of Los Angeles with the result that the two men were soon apprehended.

A man who smokes has more pipes than he needs and the average woman has more cook books than she will need.

TWO SHORT CHANGE ARTISTS HIT FLORIST WITH GASPIPE

SERGEANT JENNINGS FIRES SIX SHOTS AT FLEEING MEN WHO BOARD OAKLAND CAR—ONE STOPPED AT PULLMAN, OTHER MADE GOOD HIS ESCAPE IN DARK

An exciting pistol duel and running chase on Macdonald avenue last evening as the result of a pseudo attempt on the part of two men to hold up Adolph Winters in his store under the Elks' building, ended in one of the men being captured while the other escaped by swinging aboard a car for Oakland.

The man when finally captured by Sergeant Jennings, Patrolman Kirkpatrick and Special Officer Mahnke gave his name at the police station as Eddie Moore, and his place of residence as San Francisco.

Winters was in the act of closing his store for the evening when two men rather neatly attired entered the store at which time one of the duo asked to purchase a single rose. While Winters was fixing the buttonhole bouquet one of the men stepped behind him.

"Have you got change for $10?" asked one of the men, at which Winters became rather skeptical, owing to the fact that the price of the bouquet was but ten cents.

The change made, one of the men stated that he had ten cents and that if Winters would return the $9.90 he would pay for the bouquet. Several remarks followed at which one of the men attempted to force his way to the cash register while the other seized a heavy piece of iron piping and struck the florist over the head.

The two men turned and fled up the street, leaving their victim as they supposed, dead.

Recovering consciousness, Winters notified the police.

Sergeant Jennings immediately started in pursuit of the culprits whom he found attempting to make their way through the yards of the Richmond Lumber company, near the Southern Pacific tracks.

As several repeated demands from the officer failed to halt the two who kept running toward Macdonald avenue he drew his gun and fired six shots at the fleeing forms which were rapidly being swallowed up in the darkness.

At each crack of the revolver the men quickened their pace and dodging from side to side managed to worm their way to the avenue where they swung aboard an Oakland bound car.

Patrolman Kirkpatrick and Special Officer Mahnke hearing the shots jumped in a passing automobile and headed for the scene of the shooting where they joined in the chase of the man.

At Pullman the car on which the two were riding was stopped and while the officers were making their way from the rear end one of the men sprang from his seat at the sight of the bluecoats and running to the platform on which Motorman Smith was standing leaped into the street and disappeared in the direction of the Pullman shops.

The other man after a short tussel with the officers finally submitted to the handcuffs being placed on his wrists and was quickly removed to the police station.

Early this morning Chief of Police Walker received a telephone call from San Francisco stating that bail would be provided for the incarcerated man by an attorney who was on his way to this city.

According to Desk Sergeant McGowan and Inspector Phillips of the Bertillon department both men are thought to have very shady pasts and a special effort is being made to investigate their records.

GOVERNMENT EMPLOYMENT AGENCY

A plan has been worked out by the department of labor and the postoffice department whereby every postoffice in the country will become a labor exchange. It is expected that these postal labor agencies will be in operation within a month. A man who has lost his job can go to the nearest postoffice and give his name and the kind of work he can do or desires. And similarly the man seeking employes can make his selection at the postoffice or leave his application.

An employment bureau, backed by the government, should relieve labor conditions, particularly in the rural districts, where there is an absence of other employment agencies. It also ought to serve to assist what are known as "floaters," workers who move from one section of the country to another according to the seasons. Many laborers who belong to this class are said to range the country from Texas to Canada.

With the extensive information and resources in the hands of the government, there is no telling how much good may result from this plan. There exists a peculiar type of person that will trust and seek the services of the federal government when all else fails. Particularly is this true of the immigrant; and if at the close of the European war, a large increase takes place in this form of foreign labor, the problem of unemployment will positively demand the services of the federal government in seeing that workers are distributed to points where they are needed. The task has already outgrown the facilities of cities and states.

But the Record-Herald does not share the alarm prevalent regarding an influx of immigrants following the European war. So many laborers will have perished in that war or will have been disabled, and there will be so much recuperative work in all of the nations, that all labor should be employed there at higher wages than prevailed before the war commenced.

Two million five hundred thousand killed, wounded and missing is the estimated human cost of five months' war. Just comprehend this if you can. A state of the population of California with every man, woman and child killed, wounded or missing. Think this over, and then hurrah for war; urge our government to intervene in Mexico or force some turbaned Turk to make a bow to something. We should get into this world killing in some way. There are too many men out of jobs that wouldn't need jobs if we could only break in.

Columbus, Ohio, claims a population of two millions. Looking a little further, we see the words, "within a radius of seventy miles," are added for the claim. That beats stuffing the city directory.

A west side husband of rather sedate mien accuses his wife of having the foot and mouth disease because she is always singing and dancing. That man should have both the fine and imprisonment.

THE "YELLOW PERIL" EXPLODED

The following editorial is taken from the Pittsburg Chronicle Telegraph relating to the Japanese peril:

"If the extent of the Japanese peril with which California has kept the United States all stirred up for a term of years is indexed by statistics compiled by the proper authorities of that state, and given out for publication so that one and several we may be properly impressed, what's the use? Japanese to the number of 331 possess farms in California extending over 12,726 broad acres. At least we assume they are broad from the extent of the international complications they have caused. It is true that millions of acres are in farms owned by American and other white persons, but for some reason the less than 13,000 acres of the Japanese overshadows them in world polities. But this is not all, for Japanese in California own town lots valued at $235,675 and businesses in which they have $4,000,000 capital invested. There must be some peculiar quality in this Japanese investment of considerably less than $1,000,000 in real estate and $4,000,000 in round numbers in business to cause it to make a noise so loud in comparison with the $2,297,000,000 real estate (assessed value for taxable purposes) and $336,000,000 personal property set down on the tax records. Or is it just a state of mind and a study in psychology, like the love of the Golden state for Hiram Johnson?"

Sometimes a few plain figures clip the wings of a soaring terror. The census bureau applies an assuaging bulletin, from which the figures of the above editorial are taken to the excited imagination of the Pacific coast. The total number of the Chinese as well as the Japanese farmers has been made known before, but the impressive analysis is new. There are 760 farms operated by Chinese, averaging only about sixty acres. The farms are scattered through eleven states.

To the fear that multiplication of a fertile people will expand this land ownership by inheritance, the census bulletin, which we have at hand, applies the statistics of sex. There is one Chinese woman in the United States to fourteen men, and one Japanese woman to seven men. The federal restriction of immigration has averted the "yellow peril" without need of state legislation, which so upsets our friendly relations with Japan.

Farmers, it is said, pay 50 per cent of the taxes of the country, and own only 10 per cent of the land values. And still farmers have been most earnest enemies of a change in the tax system, whereby the burden would be shifted to the basis of land values. No one on earth created the land or other natural resources; they are inherently the common heritage of the whole race. A tax laid on their values—not blindly on their acreage—would automatically fall with just equality on all people.

Having received home rule Ulster has buried it and has gone off to war.

"I frequently caught cold, nearly always resulting in attacks of lumbago and the most acute and piercing pains across my back. ANOTHER VOLCANO IN ERUPTION NEAR REDDING

REDDING, Dec. 21.—Mount Kanaka, thirty miles west of Redding, broke into eruption shortly after noon today, according to residents of Shasta and Trinity counties.

A dense column of black smoke ascended from the extreme peak of the mountain and hung plume like until darkness hid the phenomenon.

From Redding it was declared by several persons that fire could be distinguished by the aid of glasses in the smoke at the apex of the peak. No previous crater existed on Mount Kanaka, as far as can be ascertained.

Mount Kanaka is one of the Yolo Bute mountains that form part of the Coast range and is fifteen miles north of Lassen Peak in nearly the same corresponding position across the valley from Redding. The eruption, while not of as great magnitude as the recent disturbances of Lassen Peak, bore the same general appearance.

That forest fires were responsible for the smoke plume was not believed possible, owing to the fact that the mountain was covered by a heavy cap of snow, and because the display had continued for more than four hours without spreading in any direction or increasing or diminishing in volume, when night hid it from view.

A party of investigation was formed tonight and will proceed to the scene of the disturbance tomorrow.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time receipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. advt.

SANTA CLAUS WAS SEEN AT CHURCH SUNDAY EVENING

Santa Claus made his first appearance in Richmond last evening when he distributed gifts to members of the Congregational Sunday school, after the members of the school had rendered for the edification of the large crowd present a most appropriate program consisting of recitations and musical numbers by the choir.

The merry old patron saint of the children did not appear to be a day older than he was a quarter of a century ago when many of the fathers and mothers more intimately acquainted with him.

Great credit for the success of the entertainment is due to Mesdames G. McClauson, G. Bennett and H. L. Sharman, who devoted considerable time to the coaching of the children in the program which was so successfully carried out.

Although the Congregational church ranks as one of the latest denominations organized in Richmond, last night's attendance which packed the spacious hall, would indicate that it is among the healthiest in point of numbers.

Plans are already under way for the erection of a new place of worship in the near future and as soon as this is completed, a pastor will be selected to guide the destinies of the flock. In the meantime services are conducted every Sunday in Barnaman's hall and the organization can boast of a thriving Sunday school.

LARGE NUMBER PRESENT AT PARTY

Twenty tables of whist were played by the large number of guests present on Saturday evening in Fraternal hall at the party given by Richmond lodge of Rebekahs.

The prize winners for the evening were as follows: Mrs. Hunt, first prize; Mrs. Struk, second prize; Mrs. Childs, Mrs. Gasser, Mrs. Wm. V. Arnold were other lucky ones.

STRIKE OF RAILROAD MEN IS AVERTED

ST. LOUIS, December 21. — The threatened strike of the St. Louis Southwestern (Cotton Belt) Railroad trainmen has been averted by the Federal Board of Mediation and Conciliation bringing about a settlement of the controversy between the workmen and the company.

This statement was made here tonight by W. L. Chambers, chairman of the mediation board, upon his departure for Washington, D. C.

THRONG ATTENDS XMAS SERVICES

The Yuletide services held by the members of the Christian church last evening proved a delightful treat to the large number in attendance for which the entire interior of the church had been cheerfully decorated in white streamers and ribbons.

A short program took up the evening following which the large Christmas tree which had been installed in one corner was lighted and the gifts distributed amongst those present.

Among those who participated in the evening's affair were Miss Adele Downing, Miss Maurine Boone, Mrs. J. E. Philpott and Mrs. E. M. Ferguson.

HIS PURSE WOULDN'T HOLD MONEY

HE COULDN'T GET ENOUGH SAVED FOR A WINTER SUIT!

Generous he was, and so brimful of the Christmas spirit that he wanted to buy everything he saw—for some one else. That kind of a man needs CHERRY'S CREDIT SYSTEM.

It's a bad idea to have money where you can get at it easily when you're trying to save it for something you need to wear. You're apt to go shabby a pretty long time if you trust to a happy-go-lucky system like that.

CHERRY'S arrange systematic, easily met, generous installment terms that make it invariably easy and worry-less to keep stylishly attired. The beauty of it is that you WEAR THE CLOTHES YOU BUY AT CHERRY'S WHILE YOU'RE PAYING FOR THEM.

Men, there are Balmacaan Coats at CHERRY'S that will give you as cozy a feeling and as "nifty" a look as men of twice your salary can afford. They have other models in overcoats, ranging in price from $15 to $25. Think what that means! YOU can have as clever, up-to-date clothes as you want — without sacrifice.

Throngs of men get acquainted with CHERRY'S every Christmas time. The store will be open Saturday evening, as usual. Take the address down now and pay them a visit—528 13th st, at 515 13th st., Oakland, you will find a lovely store for women. Their San Francisco stores are for both men and women, and are located at 1009 Market st, and 2490 Mission st.

Open evenings until Christmas.

FIVE DOLLARS A WORD FOR JINGLE

Receiving pay for his composition at the rate of over five dollars a word, F. Howard Feeley of 3028 East Seventeenth street, Oakland, was awarded the $100 prize which was offered by the Key Route company for the best slogan which would embrace the advantages of living on this side of the bay during the Exposition. One of the qualifications precribed was that the sentiment must be couched in twenty words or less. There were 4019 responses to the advertisement and the seven judges who were selected to name the winner were of one mind that the following jingle was the best among those submitted:

East bay cities offer you
Sunshine, climate, comfort, view,
Best hotels and purest air
Direct ferry to the Fair.

As there are but nineteen words in the jingle Feeley will receive at the rate of about $5.20 per word for the product of his mind.

FUNERAL OF MRS. THORN HELD TODAY

The funeral of Mrs. A. B. Thorn, the pioneer resident of this city, who passed away at her home on Maine street at a late hour Friday afternoon was held from the Curry Undertaking parlors today, interment taking place in Sunset View cemetery.

MINISTER'S SEASHORE ROMANCE

CHICAGO, Dec. 21.—A summer romance, begun four years ago on the Maine coast, was brought to a happy climax today at Evanston, when Miss Charlotte V. Pierce was wedded to Rev. Edward C. Boynton, student pastor of the University of Michigan. Miss Pierce and Mr. Boynton, then a Harvard student, had gone to spend the summer at Five Islands. Dr. Nehemiah Boynton of Brooklyn, the famous divine, and father of the Harvard student, had a summer cottage on one of the islands there. Miss Pierce accompanied her grand-mother, who had also taken a cottage. But unlike the proverbial summer resort resulted in an engagement, and next summer they will go back to Five Islands and have a cottage of their own.

The wedding took place at the home of the bride on Hinman Avenue, Evanston. The young preacher took his bride to Ann Harbor, where he holds a pastoral relationship to the students at the University of Michigan.

If you knock a good deal of your friends finally will catch it.

Trusting to Memory

GOOD telephone service depends vitally upon care in calling telephone numbers. A wrong number called causes loss of time to you, to the party called and to the operator. Every instance means inconvenience to all concerned which is wholly avoidable.

It is not the loss of time to you alone or to the operator that concerns us most, but it is the annoyance to the party called. Your mistake cannot be explained to him, and the Telephone Company is held responsible for your error.

Consulting the current issue of the telephone directory, instead of trusting to memory; giving your number clearly, and quickly correcting the operator if she misunderstands your call, will greatly increase the efficiency of the service.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before Breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—advt

FALLING INTO INFIDELITY "IN THE EVIL DAY"

"A Thousand Shall Fall at Thy Side."

The Blind Lead the Blind—100,000 Preachers Fallen—Others in Danger. Laity Also in Danger—What Must Be Done—Divine Provision Abundant For the Willing and Obedient.

Dec. 20.—Pastor Russell spoke today at the I. B. S. A. Temple. His text was, "For the time is come when judgment must begin at the House of God."—1 Peter 4:17.

His text, the speaker declared, was one of those prophecies picturing the inauguration of Messiah's Kingdom. Like all other Scriptures bearing upon this subject, it implies that the transition from the Reign of Sin and Death to the Reign of Righteousness, from the dominion of Satan to that of Christ, will be a great Time of Trouble. Satan and his deluded subjects will not quickly and meekly renounce their claims to earthly dominion and submit themselves loyally to the King of kings. This will necessitate the breaking in pieces of these systems.

The Pastor has already pointed out that this breaking and shaking are coming from every quarter, and are described in the Scriptures as a great whirlwind. Other Scriptures picture the winds of war, to be followed by the earthquake of Socialism, which will be succeeded by the fire of anarchy. Still other Scriptures show the conflict between the people in general and the princes of the world—merchant princes, manufacturing princes, religious and political princes and kings—showing that eventually there will be two great divisions in the conflict, and that the whole earth will be devastated by the ensuing anarchy.

The Evil Day Upon the Church.

For nearly forty years the Church has been undergoing severe trials and testings. During this period Theosophy, Christian Science, Spiritism, Higher Criticism, Evolutionism and various other confusing teachings, have come forward. Each contains fragments of truth and masses of error. According to Scripture they are brought forward by the Adversary, with a view to leading people away from the Truth.

Satan is represented as being especially active at present for the reason that this is the time when special light upon the Divine character and Plan is due to come to the Church. Seeing that people are awakening to more intelligent thought on religious subjects, the Adversary brings forth a host of philosophies to mislead, putting darkness for light and endeavoring to make the light of the dawning New Day appear as darkness.

Only those who have put on the whole armor of God have been able to stand in this evil day and to help others to stand, in a time when thousands have been falling into error, some being turned aside from the simplicity of the Gospel of Redemption through the death of Christ, and others having their faith shipwrecked.

What a sad spectacle presents itself on every hand! How perplexed the world in general is with what we see, and how few have any real comfort or encouragement to offer! For forty years the world has cried, Peace! Peace! For forty years two hundred thousand professed representatives of Christ have been telling the world that Christ has been reigning and conquering the earth, and that soon every knee will bow to Him—perhaps deceiving themselves while others are being deceived. Now, as the grand climax of all this misrepresentation of God's real character, the war is thundering, the world is amazed, and new armies are continually being formed. As the newspapers declare, there is a great conflagration in Europe—a beginning of a corroboration of St. Peter's declaration that the social earth is to be consumed.

Falling Into the Ditch of Infidelity.

Out of two hundred thousand professed ministers of Christ, probably one hundred and eighty thousand declare privately, if not publicly, that they have no faith in the Bible as God's inspired Message to His people. The other twenty thousand are sadly confused, while still clinging to the Bible as the Divine Word. The trouble is that these ministers have given heed to the creeds of the Dark Ages and have neglected to study the Bible.

If such conditions prevail amongst ministers, what may we expect of the Christian people who pay them for instruction and who, like their leaders, are falling into the ditch of unbelief? Only comparatively few of God's people have followed the Apostle's advice and put on the whole armor of God.

The Pastor declared that he was seeking to sound an alarm, not for the benefit of those who have fallen, but for those who are in danger of falling. The Divine provision for our day is so wonderful that even the "babes in Christ" may quickly come to a clear knowledge of the Divine Plan. He urged God's people everywhere to begin afresh a study of the Word of the Lord, not through the old creedal spectacles, but permitting the Bible to interpret itself.

Here are some convincing facts concerning the great Exposition at San Francisco

Not one of the 42 exhibiting foreign nations has withdrawn, while three of them have increased their participation.

Seven nations involved in war and five neutral European nations will have their own buildings.

Exhibits from eleven foreign countries have already arrived.

Forty-three of our States and one city are making individual exhibits.

Finally, these exhibitors are spending more money than previously expended in any two other Expositions.

WOMEN'S AFFAIRS OF THE WEEK

NEW YORK, Dec. 21.—The most notable wedding of the season will be that of Miss Evelyn Marshall to Marshall Field, 3rd, which is expected to occur early in January. Mrs. Marshall, who was Miss Josephine Lenox Banks, long a leading figure in New York society, has been in Paris serving in the American hospital. She is expected home later this week, to begin the preparation for the nuptials. The romance began aboard the Lusitania last September, when young Feld was traveling on the same boat with the Marshalls. Young Field has inherited one of the greatest fortunes in America, which, however, does not fully come into his hands until 1945, when he reaches the age of 50. The fortune is variously estimated, but it is believed that if the investments are generally sound and yield as expected, young Mr. Field will some day be a billionaire.

Perhaps the most interesting thing in woman's suffrage is the will of Mrs. Frank Leslie, the Baroness de Bazus, the provisions of which leave a million dollars to aid the suffrage cause. A spirited fight to retain the fortune in the Leslie family has been inaugurated, and five suits are already filed. Mrs. Leslie left an estate valued at $1,800,000. After bequeathing about $130,000 to relatives and friends, she left the residue to Mrs. Carrie Chapman Catt to be used to further the woman suffrage movement. The heirs of the Leslie family contend that her husband, the late Frank Leslie, left the estate to his wife with the understanding that at her death the entire estate was to go to his three sons or to their children.

KANSAS CITY, Dec. 21.—The policemen and firemen of Kansas City put on their overalls and got busy. And as a result, Mrs. James Baas, 83 years old, the friend of every fire laddie and police officer in Kansas City, now has a new home, where she will entertain her benefactors on Christmas Day. It was the second big job the "boys" undertook for Mrs. Baas. A few years ago the boys built her a home, but it was burned down this fall. The new house is all her own. Every board, shingle and brick was put in place by the bluecoats and firefighters. It is a four-1room cottage modest but comfortable, and its builders spared no time or pains.

WASHINGTON, Dec. 21.—Suffrage leaders will gather here during the week, to be present at the sessions of Congress, for it has been announced that before the House of Representatives disperses for Christmas dinners at home, they will debate the question of adding an amendment to the federal constitution, declaring the right of citizens of the United States to vote shall not be denied or abridged on account of sex. There is a feeble chance that the resolution will reach the voting point, and close tabs will be kept by the suffrage lookers-on in the galleries.

PHILADELPHIA, Dec. 21.—Mrs. Daryle R. Keenan of Somerset, Pa., has been admitted to practice before the Pennsylvania Court.

There are 168 women employed in public service positions in this city.

LOS ANGELES, Calif., Dec. 21.—Mrs. Estelle L. Lindsey of Los Angeles was elected a member of the California state assembly on the socialist ticket at the November election.

The minimum wage for women is being opposed by the California State Federation of Labor.

ARIZONA DRY ON FIRST OF THE YEAR

No Railroad Can Transport Any Liquor to That State After December 31st

The Southern Pacific is reminding wine and liquor shippers in general, that, owing to the new prohibition law in Arizona, which becomes effective, January 1st., it will be necessary for the railroad serving that state to decline to accept transportation to Arizona points any shipments of intoxicants after January 1st. Likewise, it will not be possible to accept such shipments which cannot be delivered at destination on or prior to December 31st, 1914.

The law was adopted by popular vote in Arizona, and the railroads, as common carriers, are charged with the same responsibility as individuals for the observance of it. Agents, conductors and others have been notified to bear this actively in mind.

Interested shippers have been urged to forward any shipments of this nature intended for Arizona points without delay, as the carriers must be sure they can get the shipment into the state by December 31st, 1914, or refuse to accept them.

The instructions do not apply to shipments of liquor between points in Arizona over a route entirely within the state, nor to shipments from Arizona to points outside the state.

FINAL TEST MADE

Last Saturday the trial trip of the new Crowley double-decked excursion and pleasure boat was made under the critical eyes of President Thos. Crowley of the launch and tugboat company and Ernest Tanner, excursion director for the company. This craft is the forerunner of a large fleet of excursion boats that will be operated between the bay cities during the exposition and the trial met with the approval of all. The vessel is known as 118, and has two decks and topside forward being devoted to a glass enclosed compartment with buffet, built expressly for the comfort and convenience of the sightseers, who come to the fair and would feel that they could not well return to their homes in the interior without taking a short trip on the Pacific.

SPECIAL TERM FOR ALEXANDER CASE

PARIS, Ky., Dec. 21. —Judge Stout has ordered a special term of Court, to begin today, for the trial of further indictments against Geo. Alexander, president of the defunct Alexander State Bank. It is planned to try him on 11 of the 32 indictments in connections with his conduct of the bank's affairs. At a recent trial on the charge of accepting a deposit when he knew the bank was insolvent, the jury disagreed, a bank director holding out for acquittal.

FLOATING DEBRIS A MENACE TO NAVIGATION

According to the seafaring men who put into Richmond lives are endangered upon the bay by floating debris which has been washed in by the heavy tide which has prevailed for the past few days. Every day for the past week navigators have been compelled to dodge the floatsam and jetsam which is not only a hindrance to craft upon the bay but in many cases is a real menace to the lives of passengers and crew alike.

Last Friday one of the Key Route ferry boats bumped against a submerged pile and the thud which followed caused a large number of commuters to stand ready to don life preservers.

Another piece of floating timber was responsible for the loss of a propeller of the Petersen Launch Sunlight, the middle of last week. As the launch was nearing the ferry slip the screw came in contact with a heavy water-soaked timber and the result was that the propeller was broken completely off. The crippled craft was towed to a slip for repairs.

HOTEL ANDERSON, 149 Richmond Ave., Point Richmond. Opened under experienced hotel management. First class sunny rooms, nicely furnished, with heat and instantaneous hot and cold water in every room. Quiet and orderly. Very reasonable rates. Dec 21 tf

MRS. WEEKS' WEEK END TEA VOTED A SUCCESS

As the result of her innovation in serving tea to her lady patrons in the rest room of the store, Mrs. A. G. Weeks of A. G. Weeks & company, feels elated over the praise and commendation which has been heaped upon her by the ladies who participated of her hospitality on Friday and Saturday of last week.

"It was something decidedly novel," was the manner in which one lady expressed it. "It was an example that the men might follow with profit, but they always have a string on what they offer," was the way another expressed herself on the subject.

However, the serving of tea in the rest room met with the general approval of the ladies who gathered from all parts of the city, and when there was no inducement held out for them to make some minor purchase for the holiday season, the ladies entered into the hospitality of the genial hostess with great zeal. Mrs. Weeks feels that the venture will be of great benefit to her as it enabled many of her patrons to get acquainted with each other and at the same time they are not unmindful of the pains to which the obliging hostess went to provide the hours of social conversation.

Visits Friends.

Wm. Cunningham, better known to the baseball fraternity in this city as "Cutey," on account of the coy manner in which he acts at the plate, was a visitor here today from San Francisco.

Ab Odkins says he was a poor boy, and was grateful for small favors received during the glad Yuletide, but says he has quit trying to convince the children that such was the case.

M'KINLEY LODGE PLANS NOVEL INITIATION

The third degree of Masonry will be conferred this evening upon a candidate employed at the Standard Oil company at the Point, by McKinley Lodge. It is understood that the initiation will be conducted by a team composed of fellow craftsmen at the oil works instead of the regular officers of McKinley lodge. On account of the general interest that attaches to the ceremony it is expected that McKinley lodge will be crowded with visitors.
